COMMENTS

Williams commented on three dead trees by City Marina that need to be looked at for removal.

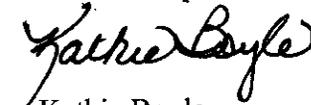

In 2016 the Tree Commission has been established for twenty-five years. Williams has arranged for the Manistee News Advocate to attend our September meeting for picture and write an article.

Williams will be presenting our annual report to council in September. Any information you would like to include, please contact Pat.

There being no further business, **Motion** to adjourn. All in favor.

Next meeting will be September 12 in the City Hall lunch room.
