

Permits
Construction (Land Use)
Driveways
Signs

New Construction/Additions The new construction of all structures or an addition to an existing structure will require a land use permit and a building permit. Renovations Depending on the project, a land use permit and/or a building permit may be required. Contact the [Zoning Administrator](#) to determine if a permit is needed.

[Residential Land Use Permit](#)
[Commercial Land Use Permit](#)

[Driveway permits](#) are required when new driveways are installed on a parcel. If you are expanding the width of an existing curb cut you need to verify if a permit is needed.

Most signs in the city require permits. Before ordering a sign verify if it is permitted and if a [sign permit](#) application is required.

It is recommended that you verify with the [Zoning Administrator](#) prior to ordering any materials for projects by calling 231.723.6041.

SAFEbuilt oversees [Building Permits](#), [Electrical Permits](#), [Mechanical Permits](#) and [Plumbing Permits](#).
