Halloween 2020

The Manistee City Police Department has received inquiries from residents asking if Halloween will take place this year in light of COVID-19. Halloween is not a City sanctioned event, but rather a nationally recognized holiday. The City has no legal authority or basis to cancel Halloween or restrict the free movement of its residents.

The recommended times for trick-or-treating are 5:00 to 8:00 p.m. The Manistee City Police Department respectfully asks that all residents who participate adhere to any public health recommendations from the District Health Department # 10 and the Center for Disease Control. Be safe and operate with common sense, such as: wear a mask and social distancing, if not in the same household. Any household with a positive case should not participate, any individuals with symptoms should not participate, and any other guidance from public health officials.

The Manistee City Police Department also recommends that residents trick-or-treat at homes where families know the resident, or homes that have porch lights on. Please utilize flashlights and reflective dress if possible. If you are driving a vehicle, please use extra caution and care to look out for trick-or-treaters.

By working together during this time, we can help prevent the spread of COVID 19.

We are several weeks away from the Halloween, therefore, please continue to watch for updates from the City or public health officials. We hope this helps. For additional information please see the CDC link provided below.

Be safe and have fun!
